ACCOMPLISHMENTS

StudentDevelopment

Increased student math and reading standardized test scores by 20% by introducing more effective learning techniques such as technology integration and student-run lesson plans.

CreativeLessonPlanning

Motivated students to engage with course materials for History of WWII course by organizing a war veteran and a Drill Instructor from Paris Island, SC to come to class to speak about their personal experiences.

TechnologyIntegration

Increased student participation and test scores by introducing relevant computer programs and exercises to encourage student interest and enjoyment

Student-Centered

Developed Peer Tutor Program: Grant Awarded
