

# ADRIENNE E. CORRIGAN

## OBJECTIVE

---

After many years in the classroom, I greatly desire to help students on a more individual basis. I wish to have the opportunity to work closely with each student so that I can better guide them to success. I feel I can best serve the student population by working with them on their academic and personal goals. I am very eager to get involved with sports and other extracurricular activities. I am also very interested in pursuing professional development in the counseling field.

## COUNSELOR EXPERIENCE

---

June 2010-May 2011

**Whitehall High School**

***School Counselor Intern***

- Managed individual caseload throughout the year
- Co-facilitated a student grief group
