To Whom It May Concern:

My name is Danielle Martin and I am a Bucks County native from Warminster. I graduated from Kutztown University and was grandfathered into the Bachelor's of Education Program for grades K-6. After graduation in 2011 I taught at Elbow Lane School for 3 years where I worked with preschool, kindergarten and school-age students. During the summer, I am a camp counselor of a 4th grade bunk and participate in many activities such as sports, arts, swimming, and specials like our talent show. Since I started working in the field, I have excelled in my abilities as an educator. To me, the most important thing about teaching is time well spent with passion and dedication.

Currently, I am interested in starting my full-time career with a school district. I am highly qualified to teach all elementary school subjects based on my college and job experiences. Right now I hold the position of substitute teacher for Council Rock School District and Source4Teachers: Bucks County. I have worked in almost all of the local schools, receiving positive feedback from co-workers and teachers whom I've met this past year. Teaching in such a wide variety of grade levels and locations taught me plentiful background knowledge with flexibility in the workplace. My most rewarding experience as a "sub" was at Maureen Welch Elementary, where I took responsibility for a 4th grade class for two and a half weeks in January. Detailed work history and qualifications can be found on my resume.

A teacher is a life-long learner, and our everyday experiences make us stronger individuals. I understand that it is my duty to inspire and encourage future generations; to enhance their walk through life using education as a medium. Each person has a unique adventure ahead of them. It is inspiring to know that teachers can lead people to positive, prosperous paths. It would be a privilege to begin my journey with Council Rock.

Please contact me at your convenience to further discuss my eligibility. I am available by phone anytime on weekends, before 9:00 AM and after 4:00 PM on weekdays. You may email me for a prompt response anytime at dmart528@gmail.com. Thank you for your time and consideration!

Fondly,

Danielle Martin
