Student Teaching - Twelfth Grade Classroom

January-May 2013

South Williamsport Area High School, South Williamsport, PA

Highlights:

- Accepted teaching responsibility for five classes of American Politics
- Planned, developed, and implemented three two-week units on the branches of the federal government to teach students about how our government works and its impact on our daily lives
- Conducted a mock trial to demonstrate the proceedings of the judicial branch
- Contributed to "Mini-thon" to raise money for pediatric cancer
- Established a set of classroom expectations
- Utilized computer technology on almost a daily basis to enhance lesson plans and student learning
- Differentiated instruction to meet a variety of learners and adapt to student interests (i.e. primary sources, jigsaw activities, group work, reading/writing activities, online simulations)
- Worked cooperatively with special education instructor to develop most effective lessons for students of all abilities
- Evaluated senior project presentations
- Taught an AP class for the final two weeks of placement
- Attended extracurricular activities to develop rapport with students
